

## 2005 INL Science and Engineering Expo September 21 – 24, 2005 Idaho Falls, Idaho

### Spotlight on World Year of Physics

## Call for Exhibitors Science and Technology in our Lives

Mark September 21 – 24, 2005, 9 a.m. – 3 p.m. on your calendar NOW for the **fifth annual Science and Engineering Expo** at the Museum of Idaho, 200 N. Eastern Ave., and O. E. Bell Building, 151 N. Ridge, in Idaho Falls. Featuring the **Battelle Energy Alliance**, the new **Idaho National Laboratory (INL)** will spotlight the World Year of Physics.

The INL Science and Engineering Expo seeks scientists, engineers, and other professionals who stimulate curiosity, inform or teach through engaging hands-on exhibits, interactive demonstrations, experiments, simulations, and crowd-pleasing presentations. Exhibits, learning stations, and activities must feature a scientific discipline, scientific research, application of new technology, or state-of-the-art technology development. They must support one of the National Science Education Content Standards as listed on the Exhibitor Registration Form.

The Expo is an exciting, high impact, inquiry-based carnival of learning activities that stimulate students to experience and explore science, mathematics, engineering, and technology. The Expo is a deliberate effort to introduce Idaho's youth in grades 5 to 9, their teachers and parents, to a wide and diverse range of career options in science, mathematics, engineering, and technology. However, the Expo will offer something for everyone from upper elementary to high school and college to adult learners of all ages. It will be open to the public and free of charge.

We expect 10,000 visitors **again this year** over the four-day period. Student days are Wednesday, Thursday and Friday, September 21 through 23 with an emphasis on high school students on Wednesday. Family day is Saturday, September 24. Visit <http://www.inel.gov/techtransfer/expo/> for the full story on the 2004 Science and Engineering Expo.

As an exhibitor or presenter, you and your organization will be acknowledged in the proceedings. Don't delay! Reserve your space NOW by completing the Exhibitor Registration Form and returning it to Elda D. Zounar, [zouned@inel.gov](mailto:zouned@inel.gov) NO LATER THAN August 18, 2005. Please call (208) 526-4491 if you have questions or need additional information.

2005 Rev. 1
